Program Goals and Outcomes

**Goal 1:** Perform all clinical responsibilities in a competent manner.

*Outcome 1:* Students will demonstrate proper use of imaging equipment when performing radiographic examinations.

*Outcome 2:* Students will demonstrate competence when performing complex Imaging cases in RAD 290.

**Goal 2: To use principles of critical thinking in solving issues.**

*Outcome 3:* Students will use critical thinking to solve problems in the clinical education setting.

*Outcome 4:* Students will use critical thinking in solving exposure related problems in the application of theory to practice.

**Goal 3: Demonstrate competent and proficient communication skills.**

*Outcome 5:* Students will use professional communication effectively with other professionals in the health care setting.

*Outcome 6:* Students will use effective communication with patients when performing cases in the clinical education setting.

**Goal 4: Accomplish all tasks and pursue actions in a professional manner within the field of diagnostic imaging.**

*Outcome 7:* Students will demonstrate professional demeanor throughout all patient and professional interactions in class, laboratory and patient care experiences.
**Outcome 8:** Students will effectively use written and verbal communication in the creation of written and oral presentations.

**Outcome 9:** Students will demonstrate compassionate and patient care centered practices.

---

**Satisfaction and Certification Levels**

**Outcome 10:** Students will be competent members of the profession.

**Outcome 11:** Students will be satisfied with the skills acquired in the Bergen Radiography community college radiography program.

**Outcome 12:** Students will pass the BCC radiography program’s Comprehensive Examination given at the end of the 1st year in RAD 283.

**Outcome 13:** Students will pass the BCC Radiography Program’s Exit Examination in RAD 290.

**Outcome 14:** Graduates will pass the Radiography certification examination on the attempt.

**Outcome 16:** Students will complete their AAS degree within three years of acceptance.
