STRATEGIC PLAN: 2013 – 2018
Framework for the Future: Maximizing the Potential for Student Success

Approved by the Board of Trustees
June 4, 2013
This five-year Strategic Plan is the framework that will guide our efforts in mobilizing individual and collective commitments to facilitate student success and excellence in their learning. My hope is that the Plan will inspire our commitment to invest our energy and resources in mission-centric issues; assist Bergen in becoming more transparent in all aspects of what we do, and help us to create a truly collaborative institution.

Framework for the Future: Maximizing Potential for Student Success is the product of open dialogue and collaboration among our faculty, staff, alumni, and community supporters, including County Freeholders. Thirty-three members of the Bergen family served on the Strategic Planning Workgroup, which met from February to May 2013, to collect, analyze, synthesize, dream, and write the new Strategic Plan.

We have developed a five-year implementation and planning cycle to demonstrate – and to ensure – that Bergen is committed to continuous assessment, improvement, and planning to maximize the College’s full potential. As a challenge to all of us at Bergen, the President’s Executive Team has developed three far-reaching, yet attainable goals. These audacious goal are:

- Become an “Achieving the Dream” college
- Obtain branch campus status for BCC at the Meadowlands
- Increase the graduation rate by 25%

Sincerely,

B. Kaye Walter
