World Malaria Day 2014 at Bergen Community College

Tracking a Curable Killer

Presented by Dr. Amy Maxmen

Friday, April 25
12:30 – 3:00 p.m.
Pitkin Education Center, Room A-104

Dr. Amy Maxmen, a Brooklyn-based science journalist, who writes for Nature, Smithsonian, Nautilus and many other magazines, will speak about her research, travels and articles published on malaria – a major global health issue.

From 2:00 to 5:00 p.m. film screenings based on malaria will feature:

Mary and Martha
Starring Hillary Swank

When the Night Comes
Produced by the United Nations Foundation
