Note: Dr. Kaufman reported that SR#138-09/10 was submitted incorrectly to the President, i.e., as approved by the Senate. The President then approved what was submitted to him. However, the Resolution had actually been tabled by the Senate by a vote of 39-3-2 and will thus remain tabled until further notice. Dr. Kaufman also reported that SR#7=10/11 has been withdrawn from today's agenda.

III. CHAIRPERSON'S REPORT

Dr. Kaufman explained the Senate's "consent agenda" approach to reviewing course and curriculum proposals, citing Robert's Rules of Order in support of that approach.

He then introduced the college's new Academic Vice President, Dr. José Adames, who addressed the Senate on a variety of matters: the BCC Honors Program; the college's decision to produce on an on-going basis a limited number of hard-copy BCC Catalogs and semester-by-semester Registration Booklets; the college's student advisement system; Bookstore problems; the need to improve the faculty evaluation process for faculty teaching on line; and the need to implement a "one college concept" for BCC now that the college has three campuses in Paramus, in Hackensack, and in Lyndhurst. With regard to the latter, there was some general discussion of the need for an integrated "one college" calendar for all three campuses.
IV. CHANGE OF AGENDA ORDER – Go to VI.B. Admissions Committee Information - Change of Deadline Dates

There was a request to move to agenda item VI.B. Admissions Committee Information - Change of Deadline Dates, which was done with only one objection. The issue had to do with the deadline date for students to apply for admission to Health Professions Programs, which was recently changed from March 1 to January 22. Evidently, this change was not made via the ordinary college channels, and furthermore the change has resulted in conflicting dates appearing in various college publications, some saying March 1 and others saying January 22. Several Senators argued that, since the Catalog and other college publications can be held legally to be contractual in nature, the improperly processed change of dates can have serious legal consequences for the college. AVP Adames agreed to take the matter under advisement for further action. For now, the original March 1 date will remain official.

V. COMMITTEE REPORTS

The following reports were presented:

A. Good and Welfare—Professor Peter Helff: Prof. Helff noted the passings of Peter Martin's wife and of Marjorie Webster's brother-in-law.

B. Academic Department Chairs Organization (ADCO)—Dr. George Cronk

C. Child Development Center (CDC) Update—Dr. Steve Fischer

At this point, there was a motion to turn to the "New Business" part of the agenda and to return to Committee Reports later in the meeting, time permitting. After some discussion, the motion was approved by a vote of 24-14-7.
