GENERAL EDUCATION PILOT ASSESSMENT PROJECT
Spring 2014
Process and Timeline

Goals to be Assessed: Intellectual and Practical Skills
- Critical Thinking and Creative Thinking
- Written and Oral Communication

Means of Assessment:
Class assignments that faculty believe demonstrate the outcome.

Assessment tool:
Rubrics (see attached)

Sources of data:
Anonymous student artifacts submitted by full-time and adjunct faculty.
Faculty should submit unmarked artifacts (one assignment) from the entire class.
These artifacts can be, but are not limited to, an exam, a paper, an oral presentation, or a visual production.
Only artifacts from students with a minimum of 45 credits will be reviewed.

Timeline and process for data collection:
Artifacts may be submitted electronically or in hard copy. Please attach a copy of the assignment.
Electronic artifacts can be submitted to gfernandez@bergen.edu.
Hard copy artifacts can be sent to the Vice-President of Academic Affairs, Room A-310 (Please mark as General Education Assessment.)
All submissions are due by Monday, May 5th.

How data will be analyzed:
The CIE Fellows and a small group of faculty will meet in May to analyze the artifacts. All participants will norm together and then each artifact will be examined by two faculty members. The non-Fellow committee members will be compensated.

If you have any questions, please contact Gail Fernandez at x7525 or gfernandez@bergen.edu.
