Attn: All Students

Medical Requirements for Enrollment

The College requires all matriculated students, athletes, enrollees in wellness/exercise courses and health professions students to submit a health record. The form must be completed and returned to the Office of Health Services (HS-100 at main campus) before starting classes. This form has three sections:

- Part A (you complete)
- Part B (immunization record)
- Part C (a physician completes)

Immunization Requirements:
Students registered for 12 or more credits, born after 1956 must submit proof of two MMRs. Students registered with 12 or more credits, regardless of age, must complete the Hepatitis B series within nine months of attendance.

Please read the form carefully and completely. Specific requirements are listed for nursing and health professions students. Complete all sections before returning to the Office of Health Services. This information must be submitted before you can go to a clinical site.
