Pursuing Excellence in Education

A meaningful college education, besides earning a degree, must provide flexible scheduling, active interaction with faculty and career counselors, and encourage a greater openness for innovative ways of learning. Bergen Community College at the Meadowlands offers just that kind of education. Whether you are on a new career path, continuing a personal journey, or just beginning your college experience, Bergen Community College at the Meadowlands is your key to a successful future.

Our Modern Facility

Bergen Community College at the Meadowlands serves southern Bergen County and occupies a beautiful, newly renovated building in a park-like setting near the Meadowland Environmental Center. Our facilities include full technology in every one of our 38 classrooms, six computer labs, chemistry and biology labs, full-service library, tutoring center, bookstore, cafeteria and student services for financial, registration and guidance counseling.

Message from the Dean

Welcome to Bergen Community College at the Meadowlands.

Bergen Community College has almost a 50-year history of serving Bergen County with campuses in Paramus (1965), Hackensack (1970) and Lyndhurst (2008).

Located in an attractive setting near the DeKorte Park Environmental Center and the future sight of the DreamWorks Theme Park, the Meadowlands at Lyndhurst campus has grown from a student body of 700 in 2008 to currently 5,000 students.

Our modern, five-floor complex includes seven computer labs, two brand new, state-of-the-art science labs, a full-service library and 40 new classrooms – many with a panoramic view of the Meadowlands and the New York City skyline.

But we are not just another pretty face. Most important to all of us at the Meadowlands is our mission to provide a complete range of academic and job training services designed to prepare students for a smooth transition to a four-year university, or directly into the region’s service-sector economy that’s poised for new growth and development.

Whether you are looking to begin your college career, improve your current job skills, or simply start an adventure in learning, our dedicated faculty and staff are prepared to help you every step of the way.

Again, I want to extend a warm welcome to everyone and share my sincere hope that Bergen Community College at the Meadowlands will be an important part of your future.

Regards,

Linda Emr

The Staff and Faculty

The staff at the Meadowlands is committed to providing students with the highest quality education and excellent customer service. The faculty at Bergen Community College is highly respected and completely committed to helping each student succeed, and our size at the Meadowlands facility often allows students to work closely with faculty as well as our entire support staff.
