Residency Requirements

According to regulations of the State of New Jersey (N.J.A.C.9A:5), tuition charges are determined by the student’s permanent place of residency, or domicile (home). A residence established solely for the purpose of attending a particular college cannot be defined as a person’s true, permanent domicile.

To be considered a resident of the state, a student must have resided in New Jersey for one year before enrolling at a public college in this state. To be considered a resident of Bergen County, a student must be a state resident as defined above, and must show proof of having a permanent residence in the county. The Office of Registration of Bergen Community College must make a determination of the residency status of students, and as such, reserves the right to require students to show proof of residency prior to enrolling.

WHEN DO YOU PROVE RESIDENCY?

Residency should be proven at registration or prior to the start of the semester/session. If residency is not proven, students will be charged at the out-of-county or out-of-state rate. Once the semester/session has begun, proof of residency can be submitted for the subsequent semester/session. Tuition charges will not be adjusted for the current or previous semesters/sessions.

HOW DO YOU PROVE RESIDENCY?

U.S. citizens or permanent residents should submit to the Office of Registration one of the following in the student’s name:

• A copy of a valid Driver’s License/Permit
• A recent Tax, Water or Utility Bill
• A copy of a current Lease or Deed
• NJ-DMV non-Driver id: [www.nj.gov/mvc/Licenses/NonDriverID.htm](http://www.nj.gov/mvc/Licenses/NonDriverID.htm)

AND

If an independent student: A copy of the most current and previous year’s New Jersey 1040 Income Tax form.

OR

If a dependent student: A copy of the parents’ or legal guardian’s current or previous year’s New Jersey 1040 Income Tax form.

All students on non-immigrant visas are charged at a non-immigrant visa rate, which is equivalent to the out-of-county rate. All students will be asked to submit evidence of residency.

Online applicants who cannot bring required proof in person may FAX a copy of required documents to the Registration Office. The fax number is (201) 670-7973. Name, address, telephone number and student’s college ID number should be included on all faxes. The College reserves the right to request to see original documents.
Release of Student Information
Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) governs access to and release of information from student academic records. Under the provisions of the Act and College policy, Bergen Community College grants students the right to inspect and review their education records and to request amendment of records that they believe are inaccurate. As a general rule, the contents of students’ educational records will not be released to third parties without the written consent of the student. Once a student reaches 18 years of age or attends a postsecondary institution, he or she becomes an “eligible student” and all rights formerly given to parents under FERPA transfer to the student. The Act specifies a number of exceptions to this rule, the most important of which concerns the concept of “Directory Information.” FERPA allows schools to disclose those records, without consent to the following parties or under the following conditions (34 CFR 99.31):

• School officials with legitimate educational interest
• Other schools to which a student is transferring
• Specified officials for audit or evaluation purposes
• Appropriate parties in connection with financial aid to a student
• Organizations conducting certain studies for or on behalf of the school
• Accrediting organizations
• To comply with a judicial order or lawfully issued subpoena
• Appropriate officials in cases of health and safety emergencies
• State and local authorities, within a juvenile justice system, pursuant to specific State law

Bergen Community College considers the following as public directory information and will share the following student information upon request:

• Name
• Student’s institutional email address
• Major field of study
• Degree or certificate received
• Last term of attendance
• Enrollment status

Under the Family Educational Rights and Privacy Act (FERPA), students may withhold permission to disclose this information by notifying the Registration Center in Writing. This notification shall remain in effect for the remainder of the academic year.

Student Health Insurance for 2015-16 Academic Year

With effect from the fall 2013 semester, students who wish to purchase individual health insurance may do so at the State of New Jersey website: http://www.state.nj.us/dobi/division_insurance/ihcseh/shop_ihc.htm
Students are encouraged to explore and obtain health insurance coverage from other insurance providers.

Visiting Students

If you attend another college, and want to take a course/s at Bergen Community College, you may apply as a Visiting Student. To apply as a visiting student, complete the online application at www.bergen.edu/admissions. You must still show completion of any required prerequisites with an unofficial/official transcript from your home college at time of registration.

FAQ’s for Visiting Students

WHAT IS A VISITING STUDENT?
A “Visiting Student” is anyone matriculated and in good standing at a college or university other than Bergen Community College. Most visiting students attend during the summer to make up missing credits or catch up on their course load.

WHAT IS THE ADVANTAGE OF VISITING STUDENT STATUS?
As a Visiting Student you are not asked to take the Accuplacer Test unless you are registering for developmental math/English courses.

DO I NEED TO APPLY TO BERGEN?
Yes, in most cases if you have never attended the College, you should complete an application online by applying as a non-degree seeking student with visiting student status. Please visit www.bergen.edu/admissions. A few days after completing the application, you may create your student account by following directions from the most current Registration Booklet’s Table of Contents. Our booklet is found on the Home Page, www.bergen.edu.

WHAT DOCUMENTATION DO I NEED AS A VISITING STUDENT?
It is the visiting student’s responsibility to verify that the course/s taken at Bergen will transfer to the home college and that the student has the prerequisites necessary. An unofficial/official transcript from your home college will serve as a prerequisite when registering.

CAN I REGISTER ONLINE AS A VISITING STUDENT?
You can register for most 100 level courses online. Online registration is not for courses requiring a prerequisite or for developmental courses.

WHERE CAN I REGISTER FOR COURSES?
If you meet the requirements for registering online, you should register online. You also can register at the Registration Center, Room A-129 at the main campus in Paramus.

CAN SOMEONE ELSE REGISTER ME?
Anyone can register for you in person, however, please make sure that all documents are in their possession. (Registration form—both sides completed and signed, an unofficial/official transcript and payment). You also should give anyone registering you as much flexibility as possible. Example: if a course you wanted is at limit (closed), please give an alternate time and day.

WHEN IS PAYMENT EXPECTED?
If someone is registering for you, they should be prepared to pay at that time. Payments can be made by cash, check, money order, American Express, Mastercard, Visa, Discover Card or debit card.

For further information concerning registration, please visit our website www.bergen.edu.

Immunization Requirement

Bergen Community College requires that each full-time student born after 1956 must submit proof of two MMR vaccines (measles, mumps, rubella), or laboratory proof of immunity to measles, mumps and rubella. The first MMR immunization must have been administered on or after the student’s first birthday.

• Full-time students, regardless of age, must complete the Hepatitis B series of immunizations. Students who have already been vaccinated must submit proof of completing the HepB series. Students who have NOT completed the HepB series must complete the series within 9 months of starting classes OR submit laboratory proof of immunity to Hepatitis B.

You are exempt from these immunization requirements if:
• You submit a signed statement to the College nurse explaining how immunization conflicts with your religious beliefs.
• You submit a written statement from a physician to the College nurse explaining why immunization is medically contraindicated.

No exemptions for Nursing and Health Professions students

YOUR REGISTRATION WILL BE AFFECTED IF YOU DON’T SATISFY THIS REQUIREMENT
Course Wait List FAQ’s

Do all class sections have a course wait list?
No, not all classes have a course wait list. Classes such as Nursing, Health Career, Co-op, and courses that require special permission to register do not offer course wait lists. These courses require specialized program admission and permission to enroll. When viewing WebAdvisor, if you do not see wait list available next to the class availability or if you do not receive the message to add yourself to the wait list for a closed class section that means that there is not a course wait list available to add. For classes without a wait list, you will need to check WebAdvisor for class availability.

How do I add myself to a wait list?
Using Portal, you can add, register, or remove yourself from a wait-listed course.

Here’s how:

1. Log-in to Portal using your User ID and password.
2. Select “Register for Sections” from the student menu.
3. Select “Search and register for sections” or “Express registration”, depending on whether or not you have the course section information needed to register or if you are searching for classes. Next, enter the class section information and click “Submit.”
4. The class section status will be listed as wait-listed if the class is full and seats are open on the wait list. Place a check mark in the box under “Select” and click “Submit”.
5. From the drop-down menu next to the class, select “Wait list” and click “Submit”.
6. You will then see, on the final results screen, that you have been wait-listed for the selected class section.

I am currently registered for one class section, but would like to add myself to the wait list for another section of the same class. Is that possible?
Yes, you can add yourself to the wait list for another section of the same class for which you are registered. However, you are not permitted to register for two sections of the same class. If you are granted permission to register for the wait list course, you will not be able to add the class from the wait list until you drop the same class that you are registered for.

How will I be notified if I have been granted permission to register for a course from the wait list?
You will receive an e-mail at your Bergen email address from the Registration Office notifying you that you have been granted permission to register for the wait-listed class, and instructions on how to register for the course.

How long do I have to register for the wait-listed course once I am notified that I have been granted permission to register?
You will have 24 hours to register for the wait-listed class once you are granted permission. The permission expiration date and time will be listed in the notification e-mail. If you do not register for the course by the expiration date and time, you will lose your wait list registration permission and will be removed from the wait list.

Can I take myself off of a wait list?
Yes, you can remove yourself from a wait list at anytime. To do so, log-in to Portal, click on Students, click on Manage My Waitlist, then select Remove from the drop down menu, and then click submit.

Will I be charged the registration fee and tuition charges for classes that I have wait-listed for, but not yet registered?
No, you will not be assessed registration and tuition fees until you are actually registered in the course(s).

What happens if I add a class after I have submitted my financial aid award letter?
You will want to speak with a Financial Aid Advisor anytime you make a change to your schedule to discuss how those changes might impact your Financial Aid Award.

*AIMS EBS 011 is the same as EBS 011, except it is offered in an AIMS learning community.

*EBS 033 is a new offering for acceleration.

EBS 011: Developmental Skills I (5 cr.) is the first course of a two-course basic skills sequence designed to improve fundamental academic skills in the areas of reading, writing, and critical thinking. Class instruction emphasizes the development of writing skills, literal and interpretive comprehension of reading texts, sentence structure, grammar and punctuation, and vocabulary. At least 50 minutes per week of this five-hour course meets in a computer lab where there is opportunity for individualized instruction.

EBS 012: Developmental Skills II (5 cr.) is the second course of a two-course basic skills sequence designed to improve fundamental academic skills in reading, writing, and critical thinking for students who have not demonstrated mastery in all skill areas introduced in Developmental Skills I. Class instruction emphasizes the development of paragraph and essay writing skills, reading comprehension, sentence structure, grammar and punctuation, and vocabulary. At least 50 minutes per week of this five-hour course meets in a computer lab where there is opportunity for individualized instruction.

EBS 021: English Skills (5 cr.) is a one-semester course designed to improve fundamental academic skills in reading, writing, and critical thinking. Class instruction emphasizes the development of paragraph and essay writing skills, reading comprehension, sentence structure, grammar and punctuation, and vocabulary. At least 50 minutes per week of this five-hour course meets in a computer lab where there is opportunity for individualized instruction.

EBS 033: Directed Studies in Writing II (2 cr., 3 hours a week co-requisite with WRT 101) provides the opportunity for students who are co-enrolled in WRT 101 to learn various strategies and specific skills that will help them succeed in their WRT 101 course. Students enrolled in the course will receive instruction in critical thinking strategies, critical reading strategies, close reading, summary, paraphrase, direct quotation, essay organization, essay coherence, grammar, MLA style, and word processing.

EBS 041: Directed Studies in Writing (1 cr. Co-requisite with WRT 101) provides individual prescriptive programs to support and develop language skills necessary for college level performance. As a supplement to English Composition I, this course offers computer-assisted, interactive practice in designated areas of English grammar and punctuation, research writing, critical reading skills to reinforce classroom instruction.

Selecting Your Courses
For help in choosing your courses, you can call the Center for Academic Planning and Student Success, Room A-118. Call (201) 447-7211/7171 for an appointment.

How To Read Placement Test Results
Your Accuplacer Test report lists any required basic skills courses. If there are courses listed, these courses must be taken as follows:
- If any English Basic Skills courses (EBS) are listed, the first pair must be taken in your first semester.
- If you have any English Basic Skills courses required, you will be limited in the number of credits you may take your first semester, as EBS011 – 14 credits; EBS021 – 15 credits; WRT101/EBS033 – 15 credits; WRT101/EBS041 – 18 credits.
- It is recommended that required basic skills math or algebra be started your first semester. All required math skills courses must be completed, one each semester, starting with the lowest numbered course, before you can take any other math courses.

Note: If you have completed required prerequisites at another college, you will have to register in person. See Visiting Students, page 9.

Building Your Schedule
Bergen Community College has three (3) campuses and (4) buildings on the main campus. Students should allow at least (1) hour between classes when traveling to-or-from our Lyndhurst and Ciarco sites. A minimum of 20 minutes should be allowed to travel between Ender Hall, classrooms labeled (E) and the Main or West Hall buildings, classrooms labeled (S), (B), (G), (C), (A), (T) and (W).

Totally Online classes (sections ending in WB) are available 24-hours-a-day on the Internet, providing maximum flexibility. All course information and materials are online. However, textbooks may need to be purchased. Some courses have proctored tests (on-campus or as arranged) while others have online tests. There are no scheduled classroom times for these classes. Hybrid classes meet fewer times per week than regular classes but still need to be scheduled appropriately. Part of these classes are taught online, so computer access, either on-or-off campus, is required.

Web Registration
All currently enrolled students have a username and password and are eligible to use Portal for looking up their academic information. Students who are in GOOD academic standing may register via Portal.

If you have forgotten your username, select What’s my user ID on the student menu.

To get your temporary password, select What’s my password on the student menu and it will be sent to your email address on file.

If you wish to change your email address, go to the Registration Service Window during office hours with your student ID card, driver’s license or state issued ID.

New students who are not seeking a degree may register online or in person. To get a username and password fill out the online non-degree application on the Bergen general Web site www.bergen.edu/admissions click on Apply Online then scroll down to the bottom and click on NON-DEGREE PROGRAM. Once your online application has been processed you will be able to obtain your Portal account information, following the above steps.

WHY WE URGE YOU TO REGISTER ONLINE

  • The Web registration process has a great search feature and you can take your time choosing your courses.
  • With online registration, you know what’s open and what’s closed immediately.
  • If you cannot register online and you cannot register in person, you can ask a friend or family member to register for you.

Prerequisites

Courses that require prerequisites list the prerequisite under the course title. Prerequisites will be strictly enforced:
  • You must already have passed or currently be enrolled in a prerequisite in order to register for a higher level course.
  • If you fail to pass a prerequisite course that you are currently taking, you will be dropped from the higher level course.
  • If you have completed prerequisites at another college or university, you will have to register in person. Bring a transcript or grade report when you come in to register.
  • If you acquire written permission from a Bergen dean to take a higher-level course without completion of the prerequisite, please attach the approval to the registration form.

=================================================================================

  • Courses are listed alphabetically by department abbreviation.
  • A class meets on all the days and at all of the times listed between the lines.
  • The “Room” column indicates where a class will meet. If it is a letter followed by a number, the letter indicates the wing that the room is located; however, “E” means Ender Hall, “W” means West Hall, “TEC” is the Tech Building.

The College reserves the right to change courses, days, times and instructors, and to withdraw courses without notice.
Courses Approved For General Education

The following courses approved for the purposes of general education at Bergen Community College are regarded as general education courses at many, but not all, other colleges and universities in New Jersey and other states. To determine which of the following courses will meet general education requirements at New Jersey colleges or universities, see NJ Transfer (www.njtransfer.org). Students interested in transferring to out-of-state schools should consult the catalogs and websites of those institutions.

The development of critical thinking and writing skills is essential to a student’s success in the Bergen Community College General Education Program. Therefore, the college’s general education courses provide students with the opportunity to develop these skills through a variety of appropriate critical thinking and writing assignments.

Students are advised to review the specific general education requirements in their respective programs of study.

How do online courses work?
All course information and materials are online. However, typically textbooks need to be purchased. You can access this material any time of the day from an internet-connected computer. Students participate in course discussions and interact with the instructor and other students. Some courses have online or proctored tests. Office hours also can be arranged.

What do you do after you register for an online course?
Online courses begin on the first day of the semester. (There are multiple start dates to the semester based on the length of the course; please check WebAdvisor). Do not expect to hear from your instructor or try to log on to your course site before this date. You will receive complete instructions for accessing your course via email. All Bergen online courses are in moodle, a web-based course management system. If you do not receive instructions by the first day of class, please email citl@bergen.edu.

What is a typical online class like?
When you take a course online, you connect with the instructor and the other students through the Internet. You take tests, write papers, complete homework assignments, ask and answer questions, and join in discussions all from your computer. Most of the courses require online exams; some courses require students to take proctored exams at a local college.

PARTIALLY ONLINE COURSES
(indicated by a suffix of HY, HL, or HH, e.g., WRT-101-005HY)

These courses combine classroom and online learning by meeting fewer times per week than a traditional face-to-face class, as well as reduce travel and parking problems for students. At least one meeting time per week is replaced by schoolwork to be completed online via the Internet. These courses require that students have access to a computer (or time to spend in our free-time computer labs) and are organized, disciplined individuals who like to work independently. Students must be willing to meet with their classes for the time period specified in the master schedule. Face-to-face class time is required and an attendance policy will be enforced.

American Language Program

The American Language Program (ALP) at Bergen is for English language learners who have received the majority of their education abroad and have been in the US for fewer than eight years. The program prepares students for college level coursework in English.

Levels and Courses
The ALP is divided into four levels: Foundations (low beginner), Level 1 (high beginner), Level 2 (intermediate), and Level 3 (advanced).

Each level is composed of four courses: Grammar (Parts A and B), Reading, Writing and Speaking/Listening.

ALP courses do not earn college credit, but the grades achieved remain on the student’s record and are reflected in the student's grade point average.

Placement
Students are placed into a level of the ALP from their scores on the Levels of English Proficiency (LOEP) test. This test measures proficiency in grammar, reading, writing, and listening. Students placed in the ALP must register for these courses before they are eligible to register for college courses in other subjects.

Full-time and Part-time Status
A student may register full-time or part-time in the program. A complete pattern is composed of 15 credits: 6 credits for Grammar A and B and 3 credits each for Reading, Writing, and Speaking/Listening.

Students, who do not register for the entire pattern in one semester, may register for 3, 6, 9 or 12 credits. However, there is a system of prerequisites and corequisites. Part-time students must take Grammar and Speaking/Listening at a new level first. Then they may take Reading and Writing.

- Students wishing to take three credits only should take Speaking/Listening.
- Students wishing to take six credits are advised to take Grammar A and B.
- Students who want to take nine credits should take Grammar A and B and Speaking/Listening.
- Those wishing to take 12 credits should take Grammar A and B, Reading and Writing.

Other Courses
American Language Pronunciation - Students at any level may take this speech course.
American Language 3 Online Courses - Level 3 students may take the Reading and/or Writing course online.
Directed Studies in American Language 3 - Students in Level 3 can take this course for intensive supplemental instruction in grammar and writing skills.
