Doing Due Diligence  
BI-686

This workshop is designed specifically for the individual thinking of starting a business and to give them the necessary tools to follow a logical approach to assess the viability and profitability of starting a business. They will learn the workings of an economic model, a feasibility and breakeven analysis, along with market research and resources skills. A question and answer period will follow.

• Due Diligence
• Economic Model
• Breakeven Analysis
• Market Research
