Why Sponsor?

STEM C² Research Summit is seeking sponsorship for its 2nd annual conference scheduled for April 17, 2015. Our first annual STEM C² Research Summit was a huge success with over 150 participants from 16 colleges across New Jersey and New York. Ten workshops and two panel discussions were conducted as well as 33 research displays spanning the topics of STEM (science, technology, engineering and mathematics) pedagogy and research. Sponsorship opportunities are limited and are available on a first-come, first-served basis. Interested sponsors must act quickly to ensure participation in our rapidly expanding 2015 event.

Primary Sponsorships

Platinum, Gold, Silver and Bronze Sponsors will receive varying levels of high visibility and recognition at the event, and the added opportunity to gain significant exposure within the STEM academic community.

I would like to support the 2015 STEM C² Research Summit as a sponsor:
