Project Graduation  
Chairperson Meeting  
Sub-committee Progress & Persistence  
1/23/15  

Attendance:  
- Jill Rivera  
- Jennifer Reyes  
- Denise Liguori

Sub-com Chair Mtg Progress & Persistence 1/23/15  

Discussion:  
Topic - 48+ Credit Students, December Graduates & Candidates lost

Denise provided cohort information and student EVALS:  

* Over 900 students were slated to graduate and marked as "Candidates" at the completion of Fall 14 registration  
* Defining Candidates as Students with a GPA of 2.0 or higher and were registered for all remaining courses in their curriculum  
* All data is changing daily on this cohort due to academic resolutions, such as, grade changes, incomplete grade resolutions, applications of CLEP and transfer credits etc.  
* As of today, of those that were once Candidates, only 780 students were still eligible to graduate.

Decision and Actions:  
The Sub-committee will:  

* Review the student EVALS  
* Categorize  
* Work with committee members and create outreach and monitoring plans  
* Outreach to students needing assistance to register will be a top priority before Registration timeframe ends  
* Develop outreach and monitoring plans for students that have successfully re-registered, on their own, for courses toward graduation in an attempt to keep them on track and give them resources  
* Jennifer will speak with Lynne Richardson for clarification on the list provided of students that were moved to the May Candidate group  
* Assessment data will be collected

Thanks for a productive meeting.

Denise
