FOREWORD

The 2013-2014 Edition of the Bergen Community College Fact Book presents data relating to enrollment, graduates, faculty and other personnel, college finances, and demographics. The Fact Book has several purposes: to provide data which may assist the administration in planning and decision making; to give the college community an overview of the student, personnel and financial profiles of the college; and to serve as a reference document which answers many of the most often-asked questions about the college.

About Bergen

Bergen Community College was founded in 1965 to satisfy the region's need for a convenient, affordable and comprehensive higher education destination. The College currently enrolls over 17,000 students in credit courses. The College's three instructional sites in Paramus (main campus), Hackensack (Ciarco Learning Center) and Lyndhurst (Bergen Community College at the Meadowlands) offer exceptional opportunities for students enrolled in degree, continuing education and adult education programs.

The College boasts an accomplished faculty, cutting-edge facilities, and opportunities for cultural awareness, civic engagement and service-learning.

Graduating students not only utilize the statewide transfer agreement to attend New Jersey's four-year schools, but use Bergen's reputation as a top community college to propel them to institutions nationwide. Students in career programs enter the workforce with the skills they need in order to succeed.

Within the last decade, Bergen has seen considerable growth in both size and facilities. The number of enrolled credit students has seen an increase of over 40% and the number of degrees awarded by year has nearly doubled since 2001. Physical additions to the college include a Science Annex containing expanded and updated science laboratory facilities and a newly renovated complex in Lyndhurst, NJ that serves as the current home of BCC at the Meadowlands. Most recently, the college broke ground on a new Health Professions Integrated Teaching Center on its main campus in Paramus.

Mission, Vision and Values

Mission

Bergen Community College educates a diverse student population in a supportive and challenging academic environment that fosters civility and respect. The College offers a comprehensive set of accessible, affordable, high-quality credit and non-credit courses as well as degree and non-degree programs. Bergen provides life-long learning opportunities for all members of the community. The College responds to community needs through work force training and continuing education, and by developing programs for employers.

Vision

As a college of choice, Bergen Community College provides a comfort level that enables students of all abilities to mature as learners and engaged citizens. A leading community college in the nation, the College creates a stimulating, rigorous, and inclusive learning environment. Use of innovative technology enhances learning experiences and widens access to learning media. Community and business leaders value the College as a reliable partner and principal provider of work force development. Bergen County residents of all ages and cultural backgrounds appreciate the College as the hub of their educational and cultural activities.

Values

To fulfill the vision and mission of Bergen Community College, we are committed to:

- Integrity
- Student Success
- Academic and Institutional Excellence
- Lifelong Learning
- Respect
- Accountability
- Innovation

These core values will guide our daily endeavors.

Glossary of Reporting Codes

Program Code Reference

In an effort to provide consistent and accurate data, the Center for Institutional Effectiveness, in accordance with the Academic Deans and the Academic Department Chairs, has created the following glossary of program codes. This glossary shows how codes have been combined and reported together to account for changes in program structure due to program modifications, closures, and other alterations. For instance, the Law Enforcement program includes students registered under the active code of AAS.HS.LAWENF as well as students registered under the closed code AAS.HS.CRIMJ to reflect the code change that the program underwent.

Enrollment

Non-credit Enrollment Highlights

- Non-credit courses are offered in three areas: Continuing Education, Ciarco Learning Center and the Institute for Learning in Retirement. The two main categories of non-credit courses are Open Enrollment and Customized Training. Customized Training is only available through the Continuing Education program.
- The total unduplicated headcount for Open Enrollment courses in all non-credit areas for Fiscal Year 2013 was 7,223 students, which is down considerably from FY 2012's unduplicated headcount of 8,089 students, a 12% reduction in enrollment.
- 1,090 students were enrolled in Customized Training courses in the Continuing Education area in Fiscal Year 2013. This number is also down from FY 2012's number of 1,225. That is an 12% reduction in enrollment.

Degrees and Certificates

Awarded

Degrees and Certificates Awarded Highlights

- The 2,285 degrees and certificates awarded to the students during the 2013 academic year is an 11% increase from 2012. This is the biggest year-to-year increase in degrees and certificates awarded since 2010 when there was a 20% increase from 2009. In the past ten years, the number of degrees and certificates awarded has never decreased from year-to-year.
- There were three separate commencement dates at which degrees and certificates are awarded for academic year 2013; August 2012, December 2012, and May 2013. 1,069 of the 2,285 degrees and certificates awarded in 2013 were given out in May 2013 (47%).

Glossary of Reporting Codes

Program Code Reference

In an effort to provide consistent and accurate data, the Center for Institutional Effectiveness, in accordance with the Academic Deans and the Academic Department Chairs, has created the following glossary of program codes. This glossary shows how codes have been combined and reported together to account for changes in program structure due to program modifications, closures, and other alterations. For instance, the Law Enforcement program includes students registered under the active code of AAS.HS.LAWENF as well as students registered under the closed code AAS.HS.CRIMJ to reflect the code change that the program underwent.
