Data Boxes for Program Enrollment, Graduates, and Transfers

Introduction

Data Boxes were originally made in order to streamline the ability to look at both a program’s enrollments and degrees awarded. In this current edition of this report, transfer data were added to include another outcome in the program. Each Data Box includes enrollment information for the past five fall semesters, number of degrees awarded for the past five academic years, and number of students who transferred from the program to another 2-year or 4-year college over the same 5-year period.

Fall enrollment in a program is based on 10th day numbers where a student needs to be enrolled on the 10th day of the semester in order to be counted in the enrollment snapshot.

Graduation numbers are based on the SURE Graduation file. Each graduation year contains three separate graduation dates as follows:

2011 Graduates	2012 Graduates	2013 Graduates	2014 Graduates	2015 Graduates
August 2010	August 2011	August 2012	August 2013	August 2014
December 2010	December 2011	December 2012	December 2013	December 2014
May 2011	May 2012	May 2013	May 2014	May 2015

Transfer numbers are based on the student’s active program during his/her last registered term at BCC before he/she transferred. These students transferred either in the same fiscal year as their last term or the next fiscal year. Transfer institutions can either be 2-year or 4-year institutions and transfer students do not include any students who graduated from BCC in fiscal years 2011, 2012, 2013, 2014, or 2015. Both active and closed programs with enrollments in the last five years are reported below.
