3. Tap on the Wi-fi bar to see a list on available wifi networks. Find the network called: Bergen-Wifi. Click “connect”

4. Open Chrome and navigate to www.bergen.edu. New users will be prompted to enter their Bergen username and password.
5. Tap Start, then enter a device description and tap Continue

1. You are now connected to the Bergen Wifi. Press Continue to be forwarded to [www.bergen.edu](http://www.bergen.edu). Your device will be registered on the Bergen-Wifi network until the end of the semester.

Success

You can close your browser now. Congratulations! You are now authenticated the the Bergen-Wifi network. You can now close this window or navigate away. The Bergen-Wifi Network will remember your device until the end of the semester. If you need to add a device or modify a device you already registered you can do that through the My Devices Portal.
