Subtotal in major		24
Degree TOTAL		60

* The foreign language requirement is a one-year sequence. It is strongly suggested that students seeking a bachelor's degree complete the sequence within a three-semester period. Students, who have completed three years of a language at the high school level, including a passing grade on a New York State Level III Regents Examination, are exempt from the foreign language requirement. Transfer students who can provide documentation showing they have successfully completed one year of a foreign language on the college level may have fulfilled the foreign language requirement.

Please note: Students who can provide documentation of a high school degree from a foreign country and whose primary language is not English are exempt from the foreign language requirement but are not awarded any credits for that language. Students who receive a grade of three or higher on the Advanced Placement Examination in high school are exempt from the foreign language requirement and will be awarded 6 credits, which may be applied toward a minor in a foreign language. Credit by examination (up to a maximum of 6 credits) or exemption by examination may be obtained by taking the CLEP examination.

** Bergen CC transfers may not take this course, and their transferred credits for CRJ 113 at Bergen do not count toward satisfying the Category C requirement

E. ARTICULATION AGREEMENT FOLLOW-UP PROCEDURES

1. Procedures for reviewing, up-dating, modifying or terminating agreement:

When any of the programs undergo any changes, this articulation agreement will be reviewed and revised as necessary by one or two members of faculty of each institution's department, selected by their respective Chairpersons, to represent them.

2. Procedures for evaluating student success:

The performance of transfer students who transition to John Jay College under the terms of this agreement may be periodically reviewed in terms of overall GPA in first semester post-transfer, GPA in major coursework throughout study at John Jay, rate of credit accumulation and graduation rate.
