To award RFP # R-085 for collection agency services to TSI, Account Control Technology, and Allied Account Services, Inc. for recovery of delinquent student accounts including tuition and miscellaneous fees.

Submitted By
Dr. Victor Anaya, Executive Director, Finance
Ms. Caroline Ofodile, Managing Director, Financial Operations and Student Assistance
Ms. Barbara Golden, Director, Purchasing and Services

Action Requested
Authorization to award the College’s collection agency services for 2 years, with an option to renew for 1 additional year, to three collection agencies.

Justification
Collection services are needed to recover delinquent tuition and other miscellaneous fee payments.

The College evaluated proposals received in response to the RFP and determined that three (3) collection agencies, TSI, Account Control Technology, and Allied Account Services, Inc., have submitted comprehensive proposals and meet all of the requirements of the RFP # R-085. These companies have demonstrated experience and success with collection of past due student accounts in the community college sector, and offer competitive fees. The other four companies were not selected due to limited experience with community colleges, or submitted an incomplete proposal.

A Request for Proposals was advertised on the College website in accordance with New Jersey P.L. 2004 Chapter 19 “Pay to Play” Law, and conforms to a “Fair and Open Process”.

This procurement is exempt from bidding in accordance with County College Contracts Law, N.J.S.A. 18A:64A-25.5 (a) (14). (Student Collections)

To award RFP # R-089 to Global Financial Aid Services for Financial Aid verification outsourcing.

Submitted By
Dr. Victor Anaya, Executive Director, Finance
Ms. Priscilla Klymenko, Dean, Technology Innovation and Integration
Mr. Frank Cuozzo, Managing Director, Financial Aid
Ms. Barbara Golden, Director, Purchasing and Services

Action Requested:
Authorization to award RFP # R-089 to Global Financial Aid Services for Financial Aid verification outsourcing and consulting purposes. The performance period for this award shall be approximately January 2, 2019 through January 1, 2021 with an award of $117,090.00 over two years with an option to renew for a third year at $57,795.00. Additional fees may be incurred for students selected with C-code verifications for an approximate cost of $6,000 per year.

Justification:
Services provided by Global Financial Aid Services will include automation of the Financial Aid verification process and compliance file review.

The Global Financial Aid Services product will allow for students to scan documents and file forms online. This will reduce the number of students needing to visit the College. Verification turnaround time is expected to be 1 to 3 days opposed to the current average of 3 to 6 weeks. This should impact retention and allow for financial aid to be awarded sooner as long as documents are received by the student.

This process will allow for cost savings of approximately $33,372 per year.

A total of four proposals were received. The proposal submitted by Global Financial Aid Services was selected due to the statement of work and plan, high qualifications, appropriate budget, similar past performance and references.

A request for proposals was advertised on the college website in accordance with New Jersey P.L. 2004 Chapter 19 “Pay to Play” Law, and conforms to a “Fair and Open Process”.

Authorization to spend an additional $23,500.00 for TypeWell services currently provided by Vital Signs, LLC.

Submitted By
Dr. William Mullaney, Vice-President, Academic Affairs
Dr. Victor Anaya, Executive Director, Finance
Ms. Jennifer Reyes, Dean, Student Support Services

Action Requested
To authorize the College to exceed the $17,500 cap for remote TypeWell captioning services currently being provided by Vital Signs, LLC, which provides transcription and interpreting services for students who are deaf or hard of hearing. This increase will allow TypeWell services for eligible students to continue during the interim period prior to the completion of the RFP process. Anticipated start date for new captioning vendor is January 1, 2019.

Justification
Bergen Community College is committed to providing reasonable and appropriate accommodations to students with disabilities in accordance with federal laws including Section 504 of the 1973 Rehabilitation Act, the 1990 Americans with Disabilities Act and the Amendments Act of 2008. Due to the lack of on-site transcription providers currently available, it became necessary to utilize remote service providers to ensure eligible students were provided with effective communication access. Beginning in 2016, the college has utilized remote TypeWell services provided through Vital Signs, LLC, an agency that offers on-site and remote transcription and interpreting services to individuals who are deaf and hard of hearing for class assignments that could not be filled by one of the on-site CART transcription providers. The College began the RFP process in September 2018 to select a vendor to provide remote captioning services. The College is now in the final stages of reviewing proposals submitted during this process with final decisions being submitted to the Board of Trustees December 2018 meeting.

Justification
Bergen Community College has an obligation to provide reasonable accommodations to students, faculty, and staff who have a disability. This includes CART and Typewell Speech to Text services. These services assist the deaf and/or hard of hearing by translating spoken words into text, giving them immediate access to the communications they need and are entitled to under the Americans with Disabilities Act (ADA).

Submitted By
Dr. Victor Anaya, Executive Director, Finance
Dr. Larry Hlavenka, Executive Director, Public Relations, Community and Cultural Affairs
Ms. Barbara Golden, Director, Purchasing and Services

Action Requested
Authorization to spend $31,566.35 through June 30, 2019 with multiple vendors to support outreach for the Community College Opportunity Grant.

Justification
The Community College Opportunity Grant, which will offer a tuition-free Bergen Community College experience for eligible students in the spring 2019 semester, provides the College with $250,000 to support outreach and program implementation.

State officials mandate that a significant portion of the grant be spent on promotion in order to increase the visibility of the program and raise awareness about the opportunities it provides. The College has budgeted $135,500 of the program's funds for this purpose, creating a diverse campaign of placements that target the population most impacted by the grant. These placements include spots with 23 vendors on digital and social media, billboards, transit, radio, television, movie theatres, malls, magazines and newspapers.

The ad buys with four vendors require board approval due to their overall campaign costs and/or cumulative costs from other placements already made by the College during the 2018-19 academic year exceeding $17,500 by the amounts below. The vendors are:
- North Jersey Media Group ($30,000) – digital/social media, newspapers
- Flightpath ($880) – radio
- Outfront ($500) – billboards
- Intersection ($166.35) – transit

All funds for this campaign are through the Community College Opportunity Grant. No College funds are used.

The college has a need to purchase advertising as a non-fair and open process pursuant to the provisions of N.J.S.A. 19:44A-20.4. These vendors have submitted a Political Contribution Disclosure
Form and a Stockholder Disclosure Form in accordance with N.J.S.A. 19:44A-20.26 and a Business Entity Disclosure Certification in accordance with N.J.S.A. 19:44A-20.8, certifying that they have not made any reportable contributions to a political or candidate committee in the County of Bergen in the prior year, and that the contract will prohibit it from making any reportable contributions through the term of the contract. The Political Contribution Disclosure, the Stockholder Disclosure Certification and Business Entity Disclosure will be maintained on file at the college.

Resolution
Authorization to approve the language below as the College’s official equity statement.

Submitted By
Dr. William Mullaney, Vice-President, Academic Affairs

Action Requested
Approve the following statement:

Student access and success in higher education continue to be threatened by the effects of structural racism and systemic poverty.

Grounded in the principle of fairness, equity refers to ensuring that each student receives what she or he needs to be successful through the intentional design of the college experience.

Bergen Community College is committed to providing access to a high-quality education in an inclusive environment to all individuals as a vital step in the continued advancement of a strong democracy and workforce.

Justification
Over the course of the 2017-18 academic year, the college engaged in many discussions and professional development activities around the topic of equity. Part of that work involved input from faculty and staff on a college statement on equity; the statement above reflects that input. As colleges recognize the importance of equity, such statements are becoming increasingly important in guiding college efforts.
RESOLUTION:

Authorize submission of a grant proposal to the New Jersey Department of Labor and Workforce Development Office of Apprenticeship for the FY 2019 Growing Apprenticeship in Nontraditional Sectors (GAINS) in the amount of $140,000, and to authorize President Michael D. Redmond, or his designee, to execute required documents.

Submitted By
Mr. Victor Anaya, Executive Director, Finance
Dr. William P. Mullaney, Vice President of Academic Affairs
Ms. Christine Gillespie, Executive Director, Continuing Education and Workforce Development
Dr. Susan Barnard, Dean of Health Professions
Dr. William J. Yakowicz, Director of Grants Administration

Action Requested
Authorize Bergen Community College submission of an application for funding through the state’s GAINS program to expand and strengthen ties to businesses that will provide student opportunities to advance their education and acquire job skills in New Jersey Healthcare and Advanced Manufacturing sectors through Registered Apprenticeship programs. Grant funding will be used to reimburse employers up to 50% of new apprentice’s wage rate, ensuring a minimum of $15 per hour for each student hired for each targeted occupation. The grant also supports related technical instruction (RTI) and on-the-job training components provided by Bergen as well as administrative support.

This initiative builds on related efforts already underway, such as Bergen’s collaboration with the Regional office of CVS Health to establish an apprenticeship for Pharmacy Technicians. The apprenticeship involves a combination of classroom instruction by BCC faculty, on-the-job work experiences, and remote learning through CVS’s LearnNet. The apprentice will complete a period of structured and supervised work activities, designed in collaboration with CVS, and will successfully complete defined educational objectives. The successful apprentice will have a valuable opportunity to learn and earn on the job and also secure National Certification from the Pharmacy Technician Certification Board as well as Apprenticeship Completion designation by the US Department of Labor.

A summary is attached. The budget is in development and will be forthcoming.
No additional college funds are required.
New Jersey LWD Office of Apprenticeship
FY 2019 Growing Apprenticeship in Nontraditional Sectors (GAINS)

Bergen Community College is applying for funding through the state’s GAINS program to expand and strengthen ties to businesses that will provide students opportunities to advance their education and acquire job skills in New Jersey Healthcare and advanced Manufacturing sectors through Registered Apprenticeship programs. Grant funding will be used principally to reimburse employers up to 50% of new apprentice’s wage rate, ensuring a minimum of $15 per hour for each student hired for each targeted occupation (up to $8,000 per individual apprentice, or $80,000 in total wage reimbursements per program). The grant also supports related technical instruction (RTI) and on-the-job training components provided by Bergen. There is no maximum cost limit for RTI classroom learning and OJT training and a 10% limit on administrative costs.

While NJ LWD identified 10 focus separate industries for the grant, the grant does permit targeting multiple industries. The Board previously approved Bergen’s application for the federal scaling apprenticeships in health professions as well as its Metallica Scholars program application to expand opportunities for students in welding and related fabricated metals manufacturing, Bergen will focus on occupations within these sectors. The GAINS grant will help strengthen Bergen’s partnerships with employers in these industries and support the college’s provision of job skills and earn-and-learn opportunities leading to the completion of certification and degree requirements for future demand occupations in the region. In addition to providing employers wage reimbursement incentives, the grant will enable Bergen to expand or augment its curriculum to better respond to high demand technical skills. We envision that the grant will support existing and develop new apprenticeship programs in the state.

Bergen’s GAINS program will also help move workers from low skill entry-level positions or from industries directly affected by international trade or skill-biased technical change to full occupational proficiency; provide greater employment opportunities for members of disadvantaged classes, unemployed/dislocated workers, and students; and assist small businesses with developing quality training programs.

Bergen envisions that the initial GAINS grant will directly serve from 15 to 20 students, while providing increased knowledge and skills among faculty and staff to expand similar paid learning opportunities for greater numbers of students in the future.

While the grant competition is open through March 1, 2019, Bergen plans to submit its application before the end of the year. The budget is currently being developed and will be based on employer requirements for wage reimbursements, RTI coursework, OJT training and administrative costs. Total FY 2019 funding for the grant is $4.5 M. We estimate that Bergen’s total grant request will be approximately $140,000 for 12-month period, with an opportunity for multi-year funding awards up to three years.

To award professional services to RSC Architects for the preparation of plans and specifications for the Health Professions Building/Pitkin Education Center Student Quad – Paramus Campus Project.

Submitted By
Mr. William Corcoran, Vice President, Facilities Planning, Operations and Public Safety
Dr. Victor Anaya, Chief Financial Officer
Ms. Barbara Golden, Director, Purchasing & Services
Mr. Robert P. Coane, Director, Campus Planning

Action Requested
Authorization to pay $97,900.00 to RSC Architects for the preparation of plans and specifications for the Health Professions Building/Pitkin Education Center Student Quad – Paramus Campus Project.

Justification
A number of the health professions programs would benefit from an exterior area where staging of various situations could be simulated. This will allow programs to be expanded beyond classrooms and laboratories. To provide this enhanced teaching opportunity, the open area directly adjacent to the Health Professions Building is ideally suited to be developed into an exterior area that would be used as an interdisciplinary meeting space for creation of emergency care and simulation scenarios, and drills for outdoor emergencies and triage.

Professional services are exempt from bidding in accordance with County College Contracts Law 18A:64A-25.5 (1). The Request for Qualifications for Architecture Services was advertised, in accordance with the New Jersey P.L. 2004, Chapter 19 “Pay to Play” Law, and conforms to a “Fair and Open Process”.
