Program Description

The Educational Opportunity Fund (EOF) Program was instituted by the New Jersey State Legislature in 1968 for the purpose of helping economically and educationally disadvantaged students obtain a college education. Students who are accepted into the program are provided with a grant and comprehensive support services designed to enhance their college experience and to insure the success of each participant.

The EOF Program is not an entitlement program. Initial EOF Eligibility is determined on the basis of both economic and educational criteria. Since grant funding to institutions is limited, first priority is given to first-time, full-time freshmen and to EOF transfer students in good standing from another EOF Program.

What Is the EOF Program?

- ✓ The EOF program provides information related to the **financial aid process** at Bergen Community College (BCC). Students who are accepted into the program are provided with an **EOF grant**.
- ✓ Students are assigned to an EOF counselor who will provide transitional support, academic advisement, and ongoing support throughout their academic career at Bergen Community College.
- ✓ EOF counselors aid students in the registration process, which allows them to have a one-stop experience at the EOF office.
- ✓ Workshops customized for EOF students and designed to address a variety of educational and social issues pertaining to career-planning, academic skills, transferring, and life skills, amongst others.
- ✓ The opportunity to register for permanent individualized tutoring sessions, assuring a secured appointment time with a preferred tutor.
- ✓ Access to the **EOF Summer Grant** for eligible students to help with the cost of attending summer classes.
- ✓ Incoming first-time college students entering EOF in the fall semester may be eligible to attend a free EOF Pre-Freshman Summer Program. The program provides academic preparation for the fall semester, helps students adjust to college, and offers preferential admission to the EOF program in the fall semester.
- ✓ The EOF transfer process assists students with establishing connections with the receiving college by issuing EOF transfer forms, application fee waivers, and transcript requests. EOF also hosts transfer events to provide students the opportunity to meet EOF directors and staff from prospective institutions.
- ✓ Academic follow-up through academic progress reports are requested from the appropriate instructors to determine the student's progress and the prognosis for the course.
