FOREWORD

The 2012-2013 Edition of the Bergen Community College Fact Book presents data relating to enrollment, graduates, faculty and other personnel, college finances, and demographics. The Fact Book has several purposes: to provide data which may assist the administration in planning and decision making; to give the college community an overview of the student, personnel and financial profiles of the college; and to serve as a reference document which answers many of the most often-asked questions about the college.

Selected tables and graphs may be found on the Center for Institutional Effectiveness website, which can be accessed from the 'Centers' link, available from the 'About Bergen' page of the College's website: www.bergen.edu. For further details, or for data not presented here, please contact the Center for Institutional Effectiveness at the number below. Comments and suggestions for future editions of the Fact Book are welcome.

About Bergen

Bergen Community College was founded in 1965 to satisfy the region's need for a convenient, affordable and comprehensive higher education destination. The College currently enrolls over 17,000 students in credit courses. The College's three instructional sites in Paramus (main campus), Hackensack (Ciarco Learning Center) and Lyndhurst (Bergen Community College at the Meadowlands) offer exceptional opportunities for students enrolled in degree, continuing education and adult education programs.

The College boasts an accomplished faculty, cutting-edge facilities, and opportunities for cultural awareness, civic engagement and service-learning.

Graduating students not only utilize the statewide transfer agreement to attend New Jersey's four-year schools, but use Bergen's reputation as a top community college to propel them to institutions nationwide. Students in career programs enter the workforce with the skills they need in order to succeed.

Within the last decade, Bergen has seen considerable growth in both size and facilities. The number of enrolled credit students has seen an increase of over 40% and the number of degrees awarded by year has nearly doubled since 2001. The most recent additions to the campus include the Technology Education Center and West Hall, which is home to Bergen's Educational Broadcast Center, Media Technologies, and arts and communications instructional facilities. The college has also added a Science Annex containing expanded and updated science laboratory facilities and most recently it purchased and renovated a complex in Lyndhurst, NJ that serves as the current home of BCC at the Meadowlands.

Mission and Vision Statements

Vision

As a college of choice, Bergen Community College provides a comfort level that enables students of all abilities to mature as learners and engaged citizens. A leading community college in the nation, the college creates a stimulating, rigorous, and inclusive learning environment. Use of innovative technology enhances learning experiences and widens access to learning media. Community and business leaders value the college as a reliable partner and principal provider of work force development. Bergen County residents of all ages and cultural backgrounds appreciate the college as a hub of their educational and cultural activities.

Mission

Bergen Community College educates a diverse student population in a supportive and challenging academic environment that fosters civility and respect. The College offers a comprehensive set of accessible, affordable, and high-quality credit and non-credit courses as well as degree and non-degree programs. Bergen provides life-long learning opportunities for all members of the community. The College responds to community needs through work force training and continuing education, and by developing programs for employers.

Student Characteristics Highlights

- Tenth-day student enrollment at Bergen Community College decreased from 17,271 in Fall 2011 to 17,015 in Fall 2012. This small decrease of -1.4% is the first time enrollment has decreased since 2006.
- Continuing a ten-year trend, the number of full-time students exceeded the number of part-time students in the Fall 2012 semester by a ratio of 57% full-time to 43% part-time.
- The racial/ethnic characteristics of the student body remained fairly consistent from Fall 2011 to Fall 2012, with a slight increase in the number and percentage of nonwhite students.
- Students from over 130 different countries of citizenship attended BCC in Fall 2012, with the largest groups of non-US students hailing from Korea, Poland, Colombia, the Dominican Republic, and Peru.
- Enrollment in distance learning courses (online and hybrid) continued to increase. Consistent with the past few years, 24.9% of the students were enrolled in a distance education course in Fall 2012.
