The 2018-2019 Edition of the Bergen Community College Fact Book presents data relating to enrollment, graduates, faculty and other personnel, college finances and demographics. The Fact Book has several purposes: to provide data which may assist the administration in planning and decision making; to give the college community an overview of the student, personnel and financial profiles of the college; and to serve as a reference document which answers many of the most often-asked questions about the college.

GENERAL COLLEGE INFORMATION

Bergen Community College was founded in 1965 to satisfy the region's need for a convenient, affordable and comprehensive higher education destination. The College currently enrolls over 13,500 students in credit courses. The College's three instructional sites in Paramus (main campus), Hackensack (Ciarco Learning Center) and Lyndhurst (Bergen Community College at the Meadowlands) offer exceptional opportunities for students enrolled in degree, continuing education and adult education programs.

The College boasts an accomplished faculty, cutting-edge facilities and opportunities for cultural awareness, civic engagement and service-learning. Bergen has the distinction of being New Jersey's No. 1 ranked institution for associate degree graduates, a title the College has held dating back to 2014.

Graduating students not only utilize the statewide transfer agreement to attend New Jersey's four-year institutions, but use Bergen's reputation as a top community college to propel them to institutions nationwide. Students in career programs enter the workforce with the skills they need in order to succeed.

Within the last decade, Bergen has seen considerable growth in both size and facilities. The biggest physical addition to the college has been the completion of a new Health Professions Integrated Teaching Center in Paramus, NJ featuring state-of-the-art dental hygiene equipment, a simulated operating room, and radiography and ultrasound labs. The 62,000 square foot center is the first of its kind in the region.

In 2016, Bergen Community College went through its ten-year self-study review by the Middle States Commission on Higher Education (MSCHE) and reaffirmed its accreditation.

In 2018, Bergen was one of 13 New Jersey community colleges to be awarded part of a \$20 million grant from the state of New Jersey to offer a tuition-free college education to qualifying students. The program will begin in Spring 2019.

- Students from over 140 different countries of citizenship attended Bergen in Fall 2018, with the largest groups of non-U.S. students hailing from the Republic of Korea, Colombia, the Dominican Republic, Turkey, and Peru.
- More than three-quarters of Fall 2018 students resided in Bergen County. The top five Bergen County municipalities where students lived were Hackensack, Garfield, Teaneck, Fair Lawn, and Lodi. Paramus, home to the College's main campus, was 8th on the list with 340 students also calling it home. Lyndhurst, home of BCC at the Meadowlands, was 12th on the list with 269 students.

- Fifty-six percent of Fall 2018 students were under the age of twenty-two. This would suggest that although it is often assumed that community college students are non-traditional (i.e. delayed enrollment into postsecondary education) Bergen serves a large amount of traditional students (i.e. directly out of high school).
- An update in the online application allowed Bergen to capture more race/ethnicity information from incoming students. As a result, Bergen was able to report race/ethnicity information for 83.4% of its students compared to only 77.1% in Fall 2017. The number of Hispanic students increased despite the drop in overall enrollment due to this new information, going from 3,425 students in Fall 2017 to 3,876 students in Fall 2018 – a 12.3% increase.

STUDENT ENROLLMENT TRENDS

- Full-Time Bergen students outnumbered Part-Time Bergen students in Fall 2018 – continuing a trend established in Fall 2004. Back then the margin of separation between the two types of students was relatively small at 51% Full-Timers to 49% Part-Timers. In Fall 2018, the difference was 55% Full-Timers to 45% Part-Timers. However, the difference between the two groups has been getting smaller in recent years. This might be an indication that Bergen is returning to a more even split between Full-Time students and Part-Time students.

- The enrollment decrease from Fall 2017 to Fall 2018 hit Career Programs the hardest. Enrollment in Career Programs decreased from 2,121 to 1,885 from one Fall to the next – a decrease of 11.1%. This was a surprising drop as Career Program enrollment actually rose by 2.1% from Fall 2016 to Fall 2017.
- Bergen uses four classifications to rank students instead of the traditional freshman, sophomore, junior, senior system. Instead Bergen has First-Time students (brand new to higher education), Transfer students (brand new to Bergen, but not higher education), Stop-Out/Re-admit students (attended Bergen in the past, but did not attend Bergen the previous semester), and Continuing students (returning students from the previous semester to the current semester).

The four Registration Statuses are used to track Bergen students and can help show why enrollment has been decreasing. Bergen is not retaining students once they start as evidenced by a 15.5% decrease in the Continuing student population between Fall 2014 (8,893 Continuing students) and Fall 2018 (7,517 Continuing students). Another worrisome trend is the decrease in First-Time student enrollment, which fell for the second straight year going from a five-year high 3,817 students in Fall 2016 to a five-year low 2,981 in Fall 2018 – a 22.0% decrease.

- Bergen has increased its Evening/Weekend and online offerings in recent years, but while online enrollment continues to increase (11.9% of all credits generated in Fall 2018 compared to only 8.6% of all credits generated in Fall 2014), Evening/Weekend enrollment has decreased (17.8% of all credits generated in Fall 2018 compared to 19.0% of all credits generated in Fall 2014). This is a surprising statistic given the recent launch of Bergen's Weekend College.
- The most highly attended courses in Fall 2018 were in the Mathematics (MAT) discipline (5,604 enrollments and 18,286 credits generated overall). The most highly attended single course in Fall 2018 was WRT-101 (2,393 enrollments and 7,179 credits generated).

REMEDIAL EDUCATION

- The number of students enrolled in at least one remedial course (EBS, ALP, or remedial MAT) has generally decreased over the past five Fall semesters, with an especially large decrease between Fall 2014 and Fall 2015. In Fall 2014, 5,095 students were enrolled in at least one remedial course. By Fall 2018, that number was down to 3,493 students – a 31.4% decrease.
- Over the last five Fall semesters, remedial enrollment has consistently been highest in MAT courses relative to EBS and ALP courses. In Fall 2018, 2,253 students were enrolled in at least one remedial MAT course, compared to 1,344 in at least one remedial EBS course and 716 in at least one ALP course.
- Among remedial course-takers in Fall 2018, the most prevalent group of students took only remedial MAT courses (1,433 students) without taking EBS or ALP courses. The next most prevalent group of students took both remedial MAT and EBS (810 students).
- The percentage of course credits generated from remedial courses has generally declined over the last five Fall terms, falling from 17.3% of all credits generated in Fall 2014 to 14.9% of all credits generated in Fall 2017.
- The single most popular remedial course in Fall 2018 was MAT-011 (Basic Mathematics) with 1,094 course enrollments, followed by MAT-040 (Algebra for Liberal Arts) with 673 course enrollments.

CAMPUSES

- Bergen Community College's three instructional sites are located in Paramus (main campus), Hackensack (Ciarco Learning Center) and Lyndhurst (Bergen Community College at the Meadowlands). In addition to these three campuses, Bergen has also offered classes at a number of other locations in Bergen County including Dwight Morrow High School in Englewood and the Law and Public Safety Institute in Mahwah. Bergen also offers a Study Abroad Program.
- The main campus in Paramus remains the most popular with 95.0% of students taking all or some of their classes there in Fall 2018. Over 600 students took courses exclusively at Lyndhurst in Fall 2018 while an additional 757 students took some, but not all of their classes there.
- Although the Ciarco Learning Center in Hackensack has a robust Continuing Education student population, its credit-side offerings are minimal. Only one section of a Business Administration course was offered there in Fall 2018. There were seven students enrolled in it.
- Over 80% of the credits generated in Fall 2018 were from the Paramus campus. The Lyndhurst campus generated around 7% of all credits – a number that has remained consistent for the last five Fall semesters.
- The top course discipline taught at the Paramus campus was Mathematics with almost 5,000 enrollments. The top course discipline taught at the Lyndhurst campus was also Mathematics with over 500 enrollments.
- Two students took advantage of Bergen's Study Abroad Program in Fall 2018. Both of the students were enrolled in 4 courses for a total of 12 credits each.

PROGRAM ENROLLMENT

- Bergen Community College's degrees and certificates are broken down into two main areas – Transfer Programs and Career Programs. Transfer Programs, designed to give students an education that is easily transferrable to a four-year college, include the Associate of Arts (A.A.) degrees, Associate of Science (A.S.) degrees, and the Associate of Fine Arts (A.F.A.) degrees. Career Programs, designed to give students the skills to immediately join the workforce, are divided into Associate of Applied Science (A.A.S.) degrees, Certificates (CERT.) and Certificates of Achievement (C.O.A.).
- Associate of Science degrees continued to be the most popular offerings at Bergen Community College in Fall 2018. Almost 9,000 students enrolled in A.S. degrees – two-thirds of the entire student body. For comparison, the next closest offering in terms of enrollment was the Associate of Applied Science area, which enrolled 1,715 students in Fall 2018 (12.8%).
- The College's degree and certificate offerings are also broken up into four main divisions – the Humanities Division, the Business, Arts and Social Sciences Division, the Mathematics, Science and Technology Division, and the Health Professions Division.
- The Business, Arts and Social Sciences Division is the largest division at Bergen in terms of enrollment with over 8,000 students enrolled in their offerings in Fall 2018 – more than 60% of the student body.

- The most popular degree at Bergen for the last five Fall semesters was the A.S. in General Professional Studies. With 4,241 enrolled students, the AS.PS.GEN degree enrolled 32% of the entire Bergen student body in Fall 2018.
- The A.A. in General Liberal Arts has seen its enrollment decline by 72.6% since Fall 2014. It enrolled over 1,600 students in that semester, but only enrolled 460 students in Fall 2018. This drop in enrollment moved AA.LA.GEN from the second most enrolled program in Fall 2017 to the fourth most enrolled program in Fall 2018.

In an effort to provide consistent and accurate data, the Center for Institutional Effectiveness, in accordance with the Academic Deans and the Academic Department Chairs, has created the following glossary of program codes. This glossary shows how codes have been combined and reported together to account for changes in codes due to program modifications, closures and other alterations. For instance, the Law Enforcement program includes students registered under the active code of AAS.HS.LAWENF as well as students registered under the closed code AAS.HS.CRIMJ to reflect the code change that the program underwent.

In an effort to provide consistent and accurate data, the Center for Institutional Effectiveness, in accordance with the Academic Deans and the Academic Department Chairs, has created the following glossary of program codes. This glossary shows how codes have been combined and reported together to account for changes in codes due to program modifications, closures and other alterations. For instance, the Law Enforcement program includes students registered under the active code of AAS.HS.LAWENF as well as students registered under the closed code AAS.HS.CRIMJ to reflect the code change that the program underwent.

COLLEGE OUTCOMES

The following College Outcomes section is made up of a collection of reports that Institutional Research produces on an annual basis. As opposed to looking at a current student body like other sections, the College Outcomes section focuses on certain student cohorts that started at Bergen at some point in the past. These cohorts are then tracked for outcomes such as retention, graduation, and transferring.

- First-Time, Full-Time, Degree-Seeking students from Fall 2017 had a one-semester retention rate of 81.8% (retained to Spring 2018) and a one-year retention rate of 65.5% (retained to Fall 2018). Of the cohorts studied, the highest one-semester retention rate was for the Fall 2009 cohort students, 85.0% of whom were retained to Spring 2010. The highest one-year retention rate was for the Fall 2013 cohort students, 68.7% of whom were retained to Fall 2014.
- First-Time, Part-Time, Degree-Seeking students from Fall 2017 had a one-semester retention rate of 66.0% (retained to Spring 2018) and a one-year retention rate of 53.1% (retained to Fall 2018). Of the cohorts studied, the highest one-semester retention rate was for the Fall 2009 cohort students, 68.1% of whom were retained to Spring 2010. The Fall 2009 cohort students also had the highest one-year retention rate as 53.9% were retained to Fall 2010.
- Twenty-two percent of First-Time, Full-Time, Degree-Seeking students from Fall 2015 graduated from Bergen within three years (before Fall 2018). This is the highest graduation rate for any cohort studied (going back to the Fall 2010 cohort).
- The three-year graduation rate for females from the Fall 2015 First-Time, Full-Time, Degree-Seeking cohort is 26%, which is higher than the overall graduation rate (22%) and the graduation rate for males (18%).
- Fourteen percent of First-Time, Full-Time, Degree-Seeking students from the Fall 2015 cohort transferred without graduating from Bergen within three years. Some of these students transferred to a four-year institution while others transferred to another two-year institution.
- Eight percent of First-Time, Part-Time, Degree-Seeking students from the Fall 2015 cohort graduated from Bergen within three years (before Fall 2018). This is a higher graduation rate than the First-Time, Part-Time, Degree-Seeking students from Fall 2014 who had a graduation rate of 6%.
- The transfer without graduating rate for First-Time, Part-Time, Degree-Seeking students is historically higher than the graduation rate. Ten percent of First-Time, Part-Time, Degree-Seeking students from Fall 2015 transferred without graduating in three years.

Retention Rates for Fall 2009 – Fall 2017 First-Time, Full-Time, Degree-Seeking Cohorts

First-time, full-time, degree-seeking (FTFTDS) student cohorts were calculated for the Fall 2009 – Fall 2017 semesters. The students in each cohort were retained if enrolled (regardless of attendance status) as of the 10th day for each semester following their first. Note that the sixth semester (150% of normal time) is identified, as it corresponds to the duration used generally to identify completion rates. The cohort with the highest retention percentage each semester is identified in grey.
