The **Center for Institutional Effectiveness (CIE)** was created to promote institutional policies, practices, and activities which enhance institutional effectiveness, to foster on campus a culture that values inquiry, evidence, and collaboration, and to support college-wide decision-making and planning initiatives by collecting, analyzing and reporting information about the College.

While the Center's activities, initiatives, and projects will vary over time in response to changing needs, its current emphasis is on institutional research, strategic planning, and assessment.
