

BCC Faculty-led Study Abroad Programs:

A Faculty-led Study Abroad tour helps prepare students for the future by teaching them more about the world, themselves, and their place in the world. Combining the power of experiential learning with the thrill of global travel, our tours help students:

- Expand their knowledge of the world around them
- Understand new people, places, and cultures
- Discover more about themselves
- Grow more confident and independent

When students grow in these ways, they become more curious, more open-minded, and more excited about the future.

Urban Environments & Culture in Japan Group Leader: Prof. Clemens Reinke

January 1 – 11, 2019

11 days - Tokyo, Hakone, Kyoto, Hiroshima, Osaka

Tokyo is a place where cutting-edge technology leaps from the towers in flashes of light. But there is a polite order to this urbanization that is defined by the ancient world that remains. 10 days - Venice, Florence, Assisi, Rome, extension to Sorrento region and Capri

Italy leaves no stone unturned—and no traveler underwhelmed. You'll see where Venetian dukes once ruled at Doge's Palace, stroll across the medieval Ponte Vecchio, and stand in the former epicenter of gladiatorial combat in the Colosseum. Renaissance artworks like Michelangelo's statue of *David* and Botticelli's *The Birth of Venus* bridge the Middle Ages with modern times, and reflect the flourish of enlightenment that occurred in Europe between the fourteenth and the sixteenth century.
