To authorize the purchase of fitness equipment from Life Fitness to be used in the Wellness and Exercise Science Program. This is funded through the Perkins Grant.

Submitted By

Dr. William Mullaney, Vice President, Academic Affairs Mr. Victor Anaya, Chief Financial Officer Ms. Barbara Golden, Director Purchasing and Services

Action Requested

Approval to purchase fitness equipment including recumbent and upright bicycles, cross trainer, treadmill, and leg press, from Life Fitness for \$20,197.90 through the Perkins Grant. Quotations were received from the companies listed below.

Life Fitness	\$20,197.90
G & G Fitness	\$26,785.93
Advanced Exercise Equipment	NO QUOTE

Justification

This equipment will provide greater variety of current fitness items and equipment. It will also provide a more suitable learning and teaching environment, for sports management, exercise science as well as fitness and activity classes. The equipment is necessary as teaching/training aids by instructors, professors and students, in their respective classes, which lead to two year degree programs, transfer and job opportunities in the Fitness and Sports industries. It will also provide a more suitable learning and teaching environment and the improvement for participation of Non Traditional students.

The college has a need to procure these services through a non-fair and open process in accordance with the provisions of <u>N.J.S.A.</u> 19:44A-20.4. Life Fitness has complete and submitted a Political Contribution Disclosure Form and a Stockholder Disclosure Form in accordance with <u>N.J.S.A.</u> 19:44A-20.26 and a Business Entity Disclosure Certification in accordance with <u>N.J.S.A.</u> 19:44A-20.8, certifying that it has not made any reportable contributions to a political or candidate committee in the County of Bergen in the prior year, and that the contract will prohibit it from making any reportable contributions through the term of the contract. The Political Contribution disclosure, the Stockholder Disclosure Certification and Business Entity Disclosure will be maintained on file at the college.

BOARD OF TRUSTEES ACTION E/SA 1 Approval Date: October 4, 2016

Resolution

Authorize acceptance of a grant award for the Title V project from the US Department of Education in the amount of \$524,884.00 for year 1 of a 5 year project, and authorize President B. Kaye Walter, or her designee, to execute required documents.

Submitted By

Dr. Naydeen Gonzalez De-Jesus, Vice President for Student Services Dr. William Mullaney, Vice President for Academic Service Dr. Yun K. Kim, Vice President of Institutional Effectiveness Dr. William J. Yakowicz, Director of Grants Administration

Justification

This second Title V project campaign will build on the substantial success of the first 1,2,3 Connect Title V initiative to further strengthen the institutional capacity building initiated in 2010. The total award for the five-year grant period from October 1, 2016 through September 30, 2021 is expected to total \$2,509,973.00.

The project abstract and budget are attached.

No additional college funds are required.

ABSTRACT

Building on the success of the initial Title V grant Phase 1 of 1-2-3 Connect, this proposed effort will uniquely integrate multiple supportive innovations strategically targeted to help improve the academic success of high-need Hispanic and low-income students during their transition from developmental to college-level courses. While the initial Title V initiative succeeded to improve third semester retention rates to 66%, only 44% return to the College for a fifth semester. Furthermore, withdrawal and failure rates in college-level gateway courses range up to 30.8%. The Pathway Scholars Program will address these barriers to graduation.

The Campaign will expand support services and energize students' academic experience during three transition semesters from developmental to college-level coursework through three primary goals: (1) deepen the <u>learning engagement</u> of 3,500+ students, nearly 30% of whom are Hispanic/Latino, (2) energize the <u>overall college experience</u> for those students, and (3) broaden the role of staff and 50 gateway instructors as stewards of success in the transition from developmental to college-level coursework. Over five years, student return rates for a fifth semester are projected to improve to 62% from a baseline of 48%.

Beyond numbers, the spirit of the Program lies in strengthening student engagement inside and outside the classroom in order to improve academic performance and increase their sense of confidence and comfort with the college setting. Active faculty and staff involvement will enable success during this critical transition. Four academic pathways will be used as a vehicle to drive sustainable reform, expanded learning assistance, and invigorating learning experiences both inside and beyond the classroom. A proactive coaching and advising intervention system, faculty professional development and training, enhanced facilities and student resources, and external assessment will support this initiative.

The College designed this Program with the aim of incorporating permanent improvements in academic support services to students during this critical phase of their college education beyond Title V funding.

Year 1 Budget		524,884.00

The projected five-year budget, serving Title V students (1970 students over 5 years), amounts to \$2.5M. Campaign costs are aligned with proposed activities and support the three established goals. — **Cost Distribution.** In terms of cost allocation: 10.5% of the total budget covers the salary and benefits for the full-time PSP Project Manager, 18.2% for the 2 - 4 full time Coaches (depending on year), and 4.8% for the Gateway Faculty Core Team and Faculty Honoraria. The Mentoring Coordinator and Learning Assistance/SI Coordinator will each be 0.5 FTE positions, and a part-time IT Professional Assistant totaling 9.5% of the total budget. A total of \$330,791 (or 13.2%) will be paid directly to students: student positions, including trained Peer Advocates and trained Learning Assistants (\$165,791 or 6.6%); and Explorations Summer Research and Project Interns (\$165,000 or 6.6%). A sum of \$14,850 (or 0.6%) is allocated towards student retention-related conferences and \$8,250 (or 0.3%) for Project Director conference/meetings. No equipment will be purchased for this program, and supplies for outreach and promotional materials, and expanded e-retention case management tools is \$25,000 (or 1%). Student success summit, workshop facilitators and trainers as

well as a consultant for Summer Pathway Explorations and the External Evaluator costs amount to \$408,125 (or 16.2%). Facilities cots for setting up the Pathways resource wing totals \$35,000 (or 1.4%). Students participating in summer internships will receive stipends totaling \$165,000 (or 7.4%). The 8% Indirect cost rate is calculated at \$200,800 since the College's indirect cost rate agreement (69%) exceeds this amount.

— **Per-Student Cost.** The total federal request (\$2.5M) for the five year project is equivalent to \$1,274 per student served (unduplicated/direct service) to improve persistence, academic performance, skills and motivation during their transition from developmental to college level coursework through establishment of Pathways, sustainable academic reform and invigorating learning experiences, as well as Rapid-Intervention Coaching, and emphasis on faculty and staff sensitivity, involvement and collaborative forums to create a more culturally-sensitive and engaged learning environment.

BOARD OF TRUSTEES ACTION E/SA 2 Approval Date: October 4, 2016

Resolution

Authorize submission of a proposal to the Bergen County Arts Grant Program in the amount of \$4,000 for Jan. 1 2017 through Dec. 31, 2017, and to authorize President B. Kaye Walter or her designee to execute required documents.

Submitted By

Dr. Naydeen Gonzalez-De Jesus, Vice President of Student Affairs Dr. William Mullaney, Vice President of Academic Affairs Dr. Yun K. Kim, Vice President of Institutional Effectiveness Ms. Sandra Sroka, Dean of the Philip J. Ciarco, Jr. Learning Center Dr. William J. Yakowicz, Director of Grants Administration

Justification

The proposed project seeks funding support for a Café Bergen Multicultural Coffeehouse Performing Arts Series to be based at the Ciarco Learning Center and the Cyber Café at the Paramus Campus. Building on the Café Bergen Multicultural Coffeehouse funded by Bergen County Arts over two years in 2007 and 2008, the project is designed to strengthen BCC Ciarco outreach efforts to the Hackensack community and to promote further opportunities for learning about music, dance and expressive art forms across cultures.

Grant funding is proposed for artist fees, marketing and related expenses in the amount of \$4,000; 100% matching funds are to be provided by the College. The \$4,000 match will be comprised of inkind costs to include facility usage fees and administrative oversight.

No college funds are required. However, in-kind costs to cover the required \$4,000 match will include facility use charges and administrative oversight.

The abstract and preliminary budget are attached.

Bergen County Arts Grant Program

Abstract

Café Bergen is a multicultural music and performance series highlighting the cultural diversity of Hackensack, Southern Bergen County, and the Bergen Community College community. Each of five coffeehouse events between February and October 2017 will showcase different world vocal, instrumental and dramatic performance style, potentially including Korean dance, Dominican merengue, hip-hop poetry, Celtic song, and Filipino martial arts. To be presented in intimate performance spaces at BCC Hackensack's Ciarco Learning Center and the CyberCafé at BCC Paramus, these events will feature internationally recognized music and dance styles together with genres that Bergen County's ethnic and immigrant communities value as part of their cultural traditions. A panel of BCC faculty and staff will select artists and groups based on their authenticity and the quality of their live performances and/or audio and video recordings. Artists will present a pre-concert hands-on activity or workshop to participate in a Talk-Back, as audience interaction is central to our vision for a dynamic and engaging performance series. In addition, a guest visual artist will be featured at most performances, and BCC music students will assist in preparing presentations, writing program notes, and sound engineering and recording. The series will culminate in a multicultural music mini-festival featuring most or all of the acts in a larger stage venue at BCC Paramus.

COUNTY ARTS GRANT – PRELIMINARY BUDGET

BOARD OF TRUSTEES ACTION E/SA 3 Approval Date: October 4, 2016

Resolution

Accept year 2 of a five-year grant from the U. S. Department of Education (DOE) in the amount of \$499,057 for the Transition Program for Students with Intellectual Disabilities into Higher Education grant, and to authorize President B. Kaye Walter, or her designee, to execute required documents.

Submitted By

Dr. Naydeen Gonzalez-De Jesus, Vice President of Student Affairs Dr. William P. Mullaney, Vice President of Academic Affairs Dr. Yun K. Kim, Vice President of Institutional Effectiveness Ms. Tracy Rand, Managing Director, Office of Specialized Services Dr. William Yakowicz, Director of Grants Administration

Justification

Bergen Community College leads a partnership that includes The College of New Jersey, NJ Department of Labor and Workforce Development Division of Vocational Rehabilitation; Bergen County Division of Special Services, secondary school districts, and employers. The primary goal of the five year grant totaling \$2,421,935.00 is to provide students with Intellectual Disabilities (ID) a strong foundation of essential skills and competencies needed to secure and retain jobs and to advance along career pathways. The program aligns industry specific skills with stackable credentials and nationally recognized certificates, including Certified Nurse Assistant, Child Development Assistant, Certified Production Assistant, Culinary Certification, as well as other industry demanddriven credentials, as appropriate to individual student career interests. Fifteen students will be enrolled and successfully complete the program in each of five years, for a total of seventy-five. Program capacity will strengthen over the grant funded period to allow for self-sustained continued growth following federal support.

Required matching funds of 25% consist of administrative oversight costs for Bergen and web site support for The College of New Jersey.

The project abstract is attached.

Abstract TPSID 2 - New Jersey Pathways to Independence

The Bergen Community College TPSID 2 project is a model comprehensive transition and postsecondary education program conducted in collaboration with the College of New Jersey. It will help students maximize potential to achieve personal and financial independence by integrating academic and social skills with vocational training options leading to gainful employment. A person-centered approach will help students to identify their personal academic and career goals, develop benchmarks for monitoring their own progress, and earn meaningful (i.e., national or industry recognized) credentials that can aid in attainment of gainful employment. The initiative integrates hands-on involvement from a range of supportive service agencies, employers, peer mentors, college faculty and advisors, and students themselves to help participants achieve individual development goals, continue their education, and obtain paid internships, apprenticeships, and jobs.

This program builds upon the highly successful TPSID Turning Points project implemented by Bergen and its partners over the past five years. **TPSID 2-***Pathways to Independence* extends that previous effort and builds a comprehensive transition model by attaining four key goals: 1) to provide students with ID a strong foundation of essential (including literacy, high school equivalence, and work readiness) skills and competencies needed to secure and retain jobs in high demand occupational areas within New Jersey; 2) to assist ID students in earning meaningful credentials to help advancement along a career Pathway towards higher-skill, higher-wage opportunities in areas of high demand industry sectors; 3) to engage employer partners, supportive services and families in collaborating with consortium members to identify occupational knowledge/skill/ability needs and address critical workforce shortages by actively supporting the initiative and hiring ID student participants; and 4) to develop a formal network of post-secondary and college programs within the tristate region for the purposes of sharing information, conducting research in new practices, problem-solving issues of implementation, and synergistically expanding resources.

The project's blended training program integrates intrusive student support services, incorporates "essential skills (academic, social, and workforce readiness) and aligns industry specific skills programming needed for employment in high growth industry sectors identified by the State of New Jersey Department of Labor and Workforce Development. Key student outcomes are stackable credentials and nationally recognized certificates, including Certified Nurse Assistant, Child Development Assistant, Certified Production Assistant, Culinary Certification, as well as other industry demand-driven emerging fields, as appropriate to individual student career interests.

The partnership includes Bergen Community College as lead agency, The College of New Jersey, NJ Department of Labor and Workforce Development Division of Vocational Rehabilitation; Bergen County Special Services, Bergen County Division of Special Services, secondary school districts, and employers.

Fifteen students will be enrolled and successfully complete the program for each of five years, for a total of 75. Program capacity will strengthen over the grant funded period to allow for self-sustained continued growth following federal support.
