

# THE 27<sup>TH</sup> ANNUAL BEACON CONFERENCE

LEHIGH CARBON COMMUNITY COLLEGE | JUNE 7, 2019

Beacon celebrates  
academic achievements  
of outstanding students  
in a wide range of disciplines  
at community colleges  
in the mid-Atlantic region.

With guidance from faculty mentors, students at member colleges revise their own researched, analytical papers and submit them.

Submitted papers are grouped by category or theme, and papers in each group are ranked by scholars. Writers of the three highest-ranked papers per group are invited to present their papers in competitive panels at the conference. (Additional papers are selected for an afternoon poster session.)

Panels afford each presenter 20 minutes to present their paper. Panels also include a half hour for questions. Each panel's judge selects one winning paper.
