Immunization Policy for Veterinary Technology Students

This information sheet is provided to assist you and your health care provider with all the requirements that are now needed for all Veterinary Technology Students. Hopefully, this notice may clear up any questions you or provider may have.

The attached forms must be completed and returned to the Health Services office before Monday, January 8th, 2018 for the Spring Semester 2018. You are welcome to bring in, fax, mail or email your records.

Our clinical affiliate hospitals have imposed effectively immediately, the following requirements that affect all Veterinary Technology students.

1. A recent physical form needs to be filled out by your provider. The physical cannot be more than 6 months old.

2. All Veterinary students are required to have titers drawn for Measles (Rubeola), Mumps, Rubella and Hepatitis B surface antibody.

3. If Hepatitis B Surface Antibody blood titer is negative and you have proof that you did receive the vaccine, you can sign a declination (attached) if you want, but you must submit the three dates in the appropriate area as requested.

4. A recent Tdap vaccine (Please note that a TD, or Dtap is not in compliance.)

5. Copy of Health/Medical Insurance Company/Group card. (If you do not have health insurance, you may purchase a limited policy thru the Bursar’s Office Room L127. Please contact the Bursar’s Office Room L127 for more information.)

6. Inactivated Rabies Vaccine series, please be aware the Rabies series are required at the time you are ready for your externship experience, so it will be due the Fall semester.

Should you have any more questions, please do not hesitate to call the office at (201) 447-9257 or email at healthservices@bergen.edu
